

HOLLYWOOD SCHOOL OF MINISTRY

OVERVIEW

CLASSROOM INSTRUCTION ///

Instruction sessions include courses in biblical content, practical ministry, and relevant life issues that equip each student with foundational truths that build character and knowledge essential for Kingdom service.

All Christ for the Nations (CFNI) courses will be taught online during scheduled class times.

PRACTICAL MINISTRY TRACKS !!!

At HSM, you will have the opportunity to be a part of the several different ministries that take place on and off our campus. Whether being involved in helping with Children's Ministry throughout the week, assisting with our Media Department, working with our youth department or handing out boxes of food, you will be involved in the heartbeat of a growing and thriving ministry. We believe that teaching Biblical truths and experience go hand-in-hand. While at HSM, you will experience both.

OUTREACH ///

At HSM, we're all about outreach. While here, you will learn how to do outreach within the city context. You will be able to experience outreach in some of the poorest neighborhoods of Los Angeles as well as in some of the most affluent communities. Our heartbeat is to reach the lost and we do it through weekly outreaches.

SPIRITUAL LIFE ///

As a student, we want you to be intimately acquainted with the voice of God. Through daily corporate prayer time and chapels you will have the opportunity to draw closer to the Lord. You'll also spend time building relationships and ministering in the context to children and during weekly youth services. You will also have an opportunity to be mentored by some of our great leaders at The Oasis as well as see your own leadership and skill level develop as you interact with others in life-giving accountability relationships.

POSSIBLE MINISTRY AREAS ///

- Music Department
- Worship Team
- Assisting in Sound
- Assisting in Media
- Student Ministry (Jr. High, and High School)
- Children's Ministry
- Community Outreach
